

SAINT SOLDIER PUBLIC SCHOOL, JAIPUR

Circular

Dated: - 01.07.2019

Greetings from the Principal's Desk.....!

Dear Parents,

In view of **CBSE Academic Circulars** on the subject “Strengthening Assessment and Evaluation Practices....” the focus is to enhance Learning Outcome of students by incorporating more **diverse strategies of Question Paper**.

The need arises of exposing students to different types of format of questions to prepare them for the **Monthly Tests and Half Yearly / Annual Examination** with diverse type of questions.

Question Types include : Multiple Choice Type, Multiple Response Type, Matching Questions, Fill in the Blanks, Ranking Questions, Sequencing Questions and Reason Assertion Type etc.

The enhanced learning outcome of students and new pattern of **Question Paper requires thorough reading of each Chapter**, line by line as the **question can be framed from any line**. The student has to be in habit of reading full Chapter.

Questions at the back of the Chapter are for Subjective Type Evaluation.

Parents are also requested to make children to be in habit of reading Chapters at home. **This will increase their Reading Habit** and at the same time they will be prepared for examination.

(Mrs. Aroma Philemon)
